Lippincott Manual of Nursing Practice is the most comprehensive, current, and evidence-based nursing resource available. This fully updated 12th edition provides essential information on over 800 nursing diagnoses and more than 3,000 interventions and rationales, giving nurses the knowledge they need to provide safe and effective care to their patients.

What's New in the 12th Edition?

- **Over 800 updated nursing diagnoses**, including new diagnoses such as Acute Stress Disorder, Prolonged Grief Disorder, and Risk for Suicide.
- **More than 3,000 updated interventions and rationales**, based on the latest evidence-based research.
- **New chapters on topics such as:**

- Cultural competence
- Health promotion and wellness
- End-of-life care
- **A new appendix on complementary and alternative therapies**, providing nurses with information on the latest evidence-based complementary and alternative therapies that can be used in conjunction with traditional medical treatments.

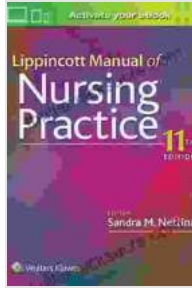

Why Choose Lippincott Manual of Nursing Practice?

- **The most comprehensive nursing resource available**, covering over 800 nursing diagnoses and more than 3,000 interventions and rationales.
- **Evidence-based content**, based on the latest research, giving nurses the knowledge they need to provide safe and effective care to their patients.
- **Easy-to-use format**, with clear and concise information, making it easy for nurses to find the information they need quickly and easily.
- **Trusted by nurses worldwide**, Lippincott Manual of Nursing Practice is the essential guide for nurses in all practice settings.
