What's Inside?

The Encyclopedia of Random Tables is divided into four main sections:

1. **Character Generation:** This section contains tables for generating every aspect of a character, from their physical appearance and personality to their background and skills.

2. **Encounters:** This section contains tables for generating all sorts of encounters, from random encounters on the road to full-blown dungeon crawls.
3. **Treasures:** This section contains tables for generating all sorts of treasures, from mundane items to magical artifacts.
4. **Game Mechanics:** This section contains tables for generating game mechanics, such as combat rules, skill checks, and spell effects.

How to Use the Tables

The tables in the Encyclopedia of Random Tables can be used in a variety of ways. You can use them to:

- Generate unique and interesting content for your campaigns.
- Quickly generate non-player characters and other NPCs.
- Add spice to your game by rolling on the tables for random events.
- Create your own custom tables.

Benefits of Using Random Tables

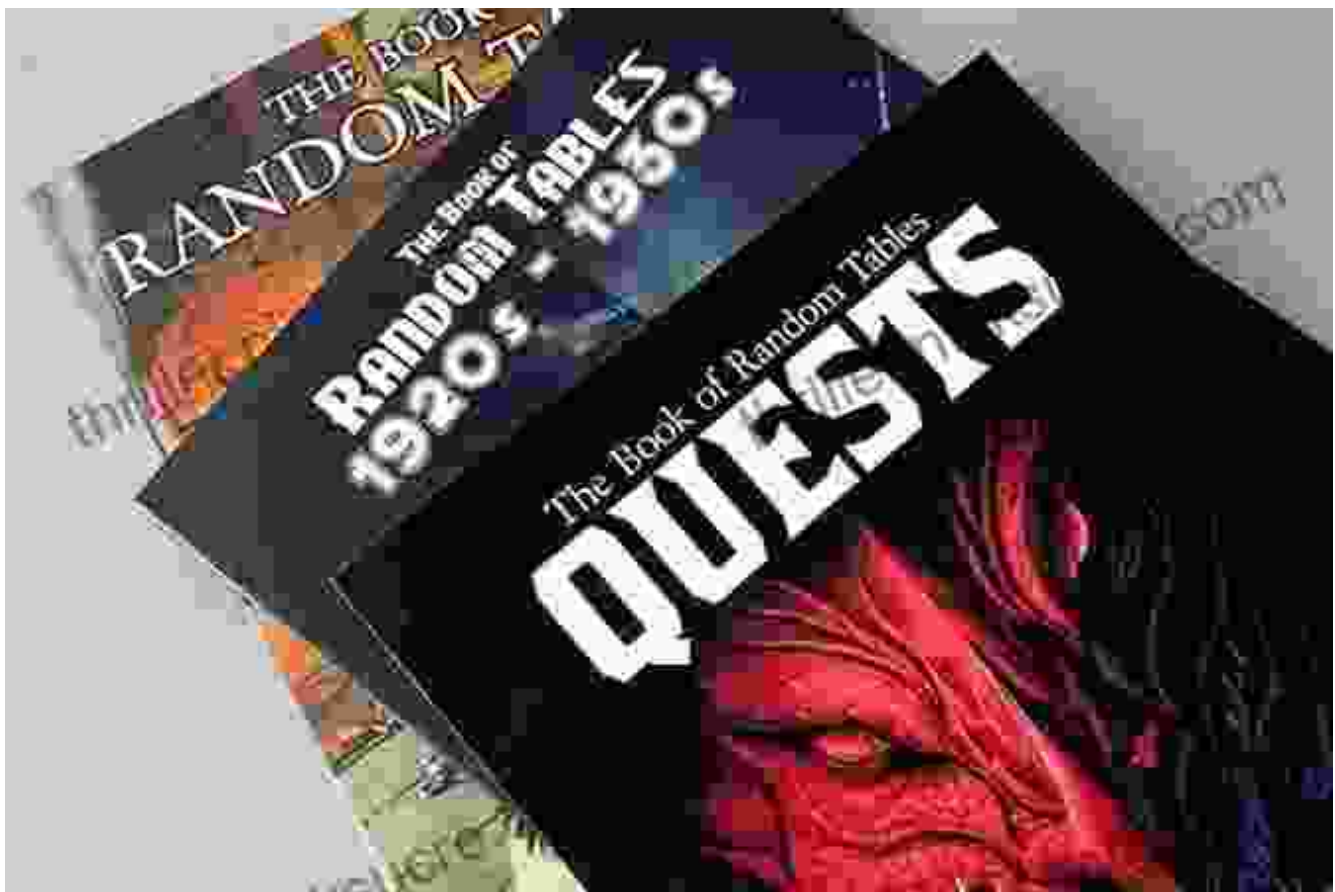

There are many benefits to using random tables in your games. Random tables can help you:

- **Save time:** Random tables can save you a lot of time by providing you with pre-generated content.
- **Be more creative:** Random tables can help you break out of your creative rut and generate new and interesting ideas.

- **Add variety to your game:** Random tables can add variety to your game by providing you with a wide range of options.
- **Make your games more fun:** Random tables can add a lot of fun to your games by providing unexpected and surprising results.

The Encyclopedia of Random Tables is an indispensable resource for game masters and role-players. With thousands of tables to choose from, you'll never run out of ideas for your campaigns.
